

The REACH Charter School

A Creative Liberal Arts School for Grades 4 - 8

at Brook Haven Middle School, Sebastopol, California

March/April 2011

Director's Corner

Dear REACH Community,

I'd like to thank our students, teachers, and parents for a wonderful culmination on March 9th. The courtyard was filled with creativity and enthusiasm from our program. Our site visitors were impressed with the learning they saw and wished they had a school like ours when they were young!

On the charter front, our charter petition for independent status was delayed another month. The SUSD Board had some concerns with the draft that was submitted and we are working on addressing them. We will resubmit the changes at the April 14th board meeting.

Enrollment begins its second round. Our 4th, 5th, and 7th grades are full. We could still use more 6th and 8th grade applicants. Please spread the word.

Our sixth graders released their steel head trout into the Atascadero Creek. They raised them from eggs that they received from the the Don Clausen Hatchery. Ongoing monitoring of the creek continues to determine the health of the watershed.

The end of April begins the STAR testing window. Please plan trips or appointments outside of this window if possible. Students never perform as well on make-up days.

Calendar

Apr. 4 - 7/8th grades to Yosemite

Apr. 11 - RPF Board Meeting @6:30

Apr.14 - SUSD Board Meeting
